ELDEN RING is a fantasy action RPG where you can create your own character and freely and deeply experience life with those around you, in a game where the overall world is bigger than ever before. Characters are created from the bottom up by using a dice system that combines your skills, attributes, and other stats. By customizing your equipment, you can create a variety of characters that will produce a result unique to you. Explore the wide world of the Lands Between with your friends, and fight battles together in various locations. Experience the joy of discovering your world by connecting to other users and through the other users' experiences. ABOUT CROSS FLOW Cross Flow is a mobile game studio located in Tokyo, Japan. We are committed to creating fun and unique games that bring smiles to people around the world. Our vision is simple: people need to play more games. We encourage players to freely enjoy RPGs, action games, puzzle games, and other games that we develop. Players can experience the world of the game through a variety of devices. In the game, explore various worlds and form a team with your friends. Become part of the game's community, and share your experiences with others, by communicating with your friends through various channels. Since its founding in 2014, Cross Flow has released five games worldwide, including the best-selling PUBG MOBILE® on Google Play, PUBG on mobile as well as a variety of games for iOS devices.
